

HEALTH OPTIMIZATION MEDICINE & PRACTICE (HOME/HOPe) ASSOCIATION

COURSE PATHWAYS AND INDIVIDUAL MODULES

FREE INTRODUCTORY MODULE

Introduction to HOME/HOPe

We highly recommend this free module to anyone interested in enrolling in any module in Health Optimization Medicine and Practice (HOME/HOPe) Academy. It includes a video of Dr. Ted Achacoso's lecture at HOME/HOPe U.S.A. inaugural conference.

The HOME/HOPe academy has two distinct pathways. The Certification Pathway is for students seeking a direct path to obtain a Certificate of Course Completion in Essential or Advanced HOME/HOPe and any of the Certificates to Practice. The Essential HOME/HOPe Certification Path requires that you start with Clinical Metabolomics as this provides the foundation for testing, detection, and correction essential to practice. The remaining modules can be taken in any preferred sequence, unless otherwise stated.

Essential HOME/HOPe Certification Path					Essential HOME/HOPe Audit Path				
7 PILLARS OF ESSENTIAL HOME/HOPe	CERTIFICATE AWARDED	CME AVAILABLE	# OF WEEKS	PRICE	CERTIFICATE AWARDED	CME AVAILABLE	# OF WEEKS	PRICE	
Clinical Metabolomics	Certificate of Completion <small>Awarded upon passing final exam</small>	Application: 45 AMA PRA Category 1 Credits <small>Free application to apply for CME for health professionals</small>	12	\$ 2,000	Certificate of Attendance <small>Awarded upon completion of the module</small>	Application: 36 AMA PRA Category 1 Credits <small>Free application to apply for CME for health professionals</small>	12	\$ 1,800
